Imagine ~ Manifest

30 May

Aloha Kakou, today's Hawaiian word is: Kuhi which means: Imagine and is pronounced: coohe. John Lennon wrote a song called Imagine and it is a very pono song. Next time you get a chance, really listen to the words...and the world will live as one. Can you imagine that, can you see it? Now, imagine what your world will be like when we come out of this covid 19, Can you see yourself living in a better world? Nature will have had time to heal, we will have had time to bond with our kids, grandparents and parents and pets and with all the cleaning going on, the world will be a cleaner place. Imagine all the good things that will come out. Adversity shakes things up and the world always comes out better for it. Just imagine. Aloha, a hui hou....

Aloha Kakou, Today's Hawaiian word is: Ho'owaiwai which means: Prosper and is pronounced: Ho ohvyvy. Did you know that one of the reasons we're here is to prosper? It's ok to want to have money. In fact, there's so much more we can do to better our lives and the lives of our loved ones by having money. It's putting the having of money ahead of family and friends that gets us into trouble. So go for your dreams, prosper as much as you want and know that there's more than enough for everyone. That is the Law of Attraction. Aloha, a hui hou,,,,,,

Aloha Kakou, today's Hawaiian word is: Ho'ike which means Manifest and is pronounced: Ho ekay. Did you know that we are manifesting all the time? We wake up, go through our day, complete our evening and go to sleep. How many of us realize we manifested our day? Whether we are aware of it or not, everything we experienced this day we manifested. Many of us don't realize that happened because we manifested our entire day unconsciously. We dream walked through our day, letting outside influences move us around. Just imagine what our day will be like when we consciously move through our day. We are truly master manifesters, we just don't take the time to see it happening. That's the difference between Manifesting and just living. Aloha, a hui hou.....

Aloha Kakou, today's Hawaiian word is Mua which means Future and is pronounced Mooah. We may not know what our future holds for us, but we do know, if we look deep inside ourselves, what we would like our future to be. So, how do we get from here to there? See yourself living in your future and work backwards. What do I need to do now in order to get there and then focus on the ideas that will come to you and Take Action. Keep an abundance of trust and belief in your self to help getting there easier. The Hawaiians have a saying "Imua" which means forward or straight ahead but if you separate that word "I mua" it becomes 'to the future'. Aloha, a hui hou.....
